

Connect to WIFI with your windows system

To connect to the wireless network using a computer with Windows, please follow these steps:

1. First of all you must connect to the network: **“Alumnos”** as you do whenever accessing WIFI:

2. After opening your browser, you should enter your username and password and click on “Continue”:

The [IE website](#) will automatically be displayed and now you will be connected to Internet.

The screenshot shows a web page titled 'Acceso Wireless' for IE Business School. The page has the school's logo and the text 'Acceso a Red Wifi - Wireless Network Access'. There is a login form with two input fields: 'Usuario / User:' and 'Password:'. Below the fields is an 'OK' button. At the bottom of the page, there is a disclaimer in Spanish and English: 'Esta red es propiedad del Instituto de Empresa. Sus actividades podrían ser monitorizadas. Por favor, haga un uso responsable. Si tiene algún problema, póngase en contacto con el Departamento de Soporte.' and 'This network is property of Instituto de Empresa. Your activities can be monitored. Please use it responsibly. If you have any problem, please contact the Support Department.' The footer of the page says '© IE Business School'.
