

COLLECTIVE INTELLIGENCE COMMITTEE

Impact Investing

The Collective Intelligence Committee (CIC) is an initiative of Red Innova, a Global Community of Social Innovators connected with the MAPFRE Foundation Awards for Social Innovation, boosted by IE.

A CIC is a defined group of Red Innova members who have mutual interests, skills or experiences. We generate value between ourselves, for Red Innova, and for society as a whole by collaborating and sharing our collective knowledge.

The members of the CIC for Impact Investing have a combined +100 years of experience working across innovation, social responsibility, startups, finance and academia. They also have a deep interest in Impact Investing and bring experience from 3 different continents and diverse economic environments.

OUR MEMBERS

ABOUT OUR MEMBERS

We come from 3 continents and 5 different countries across Europe, Latin America and United States.

We work in various facets of social innovation: from Finance and Insurtech, to Sustainable Mobility and eHealth.

We have been directly involved in the MAPFRE Foundation Awards for Social Innovation, boosted by IE.
