DUAL DEGREES JOURNEY

From the Opening Ceremony to graduation, the journey to your Dual Degree at IE University is strategically designed and paced for your success. Your education will be enriched by a thorough orientation, welcome sessions and numerous networking opportunities that are exclusive to Dual Degree students.

ADMISSIONS PROCESS & FINANCIAL AID

The IE University admissions process is simple yet rigorous—and carried out entirely online.

While the particulars may change depending on your chosen program, it always follows a similar format, which you can discover below. With our rolling admissions process, there's no application deadline. But spaces are limited so we recommend that you apply as soon as possible.

The first steps

Before you embark on your personal learning journey, there are five preliminary steps you need to take.

Who you are

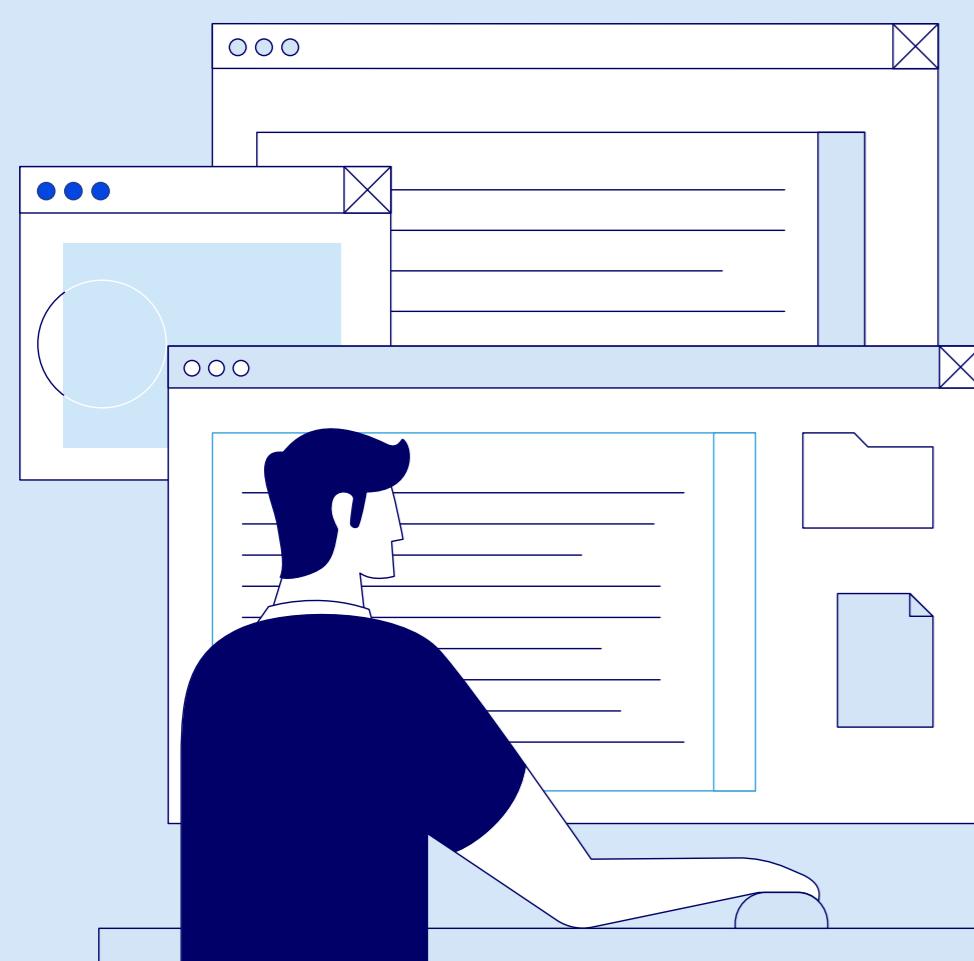

Students across all program areas share common traits that we look out for. We particularly value dedicated and talented individuals who come from diverse backgrounds and possess a global mindset.

Alongside your strong interpersonal skills and innovative outlook, you thrive under an intensive academic workload, considering it an opportunity to share new experiences and create unique approaches to problem-solving.

**05**

Personal Interview

03

Entrance Exam

Next, you will have to take either the GMAT, GRE or IEGAT. If you would like to apply to a Finance Program you must take either the GMAT, GRE, CFA Level 1 or CAIA Level 1. Note that this is a mandatory requirement, and the IEGAT will not be accepted.

**06**

Final Decision

Your entire application will be evaluated by the Admissions Committee and you will receive an answer within 1–3 weeks.

* Special admission requirements for Master in Finance candidates, contact the admissions team for more information.

** If you are considering a dual degree, keep in mind that students must be admitted to both programs.

FINANCIAL AID

If sorting out funding and scholarships is an important part of making IE University your next big step in your professional journey, the good news is that we have a range of funding options available to support you!

Most of our students rely on a combination of different types of financial means to cover the tuition fees and the overall costs associated with program attendance. These means typically include personal resources, student loans, scholarships and, at times, some form of family support or tuition assistance from employers.

The IE Financial Aid Office will help you understand the different financing options and scholarship opportunities available. Researching, understanding your options and planning ahead is key. The FAO will provide you with all the necessary guidance to make any scholarship or loan application process as smooth as possible.

Please visit our financial aid website for more details or schedule an appointment with our team.

**The aim is twofold:
celebrating and
rewarding outstanding
individuals and
providing scholarship
support to deserving
and promising
candidates who would
otherwise not be able
to attend IE University.**

IE Scholarships

Thanks to the IE Foundation and the generosity of our students, alumni, parents, corporate partners and other benefactors who support our groundbreaking Financial Aid program, we are able to maintain a strong commitment to providing top-notch education to highly qualified candidates from around the world, regardless of their economic situation. Our wide portfolio of scholarships allows us to guarantee diversity and excellence through our needs-based and merit-based scholarships.

Scholarships are awarded based on economic need, merit, distinctive competencies and/or academic and professional excellence. The aim is twofold: celebrating and rewarding outstanding individuals and providing scholarship support to deserving and promising candidates who would otherwise not be able to attend IE University.

Check the IE Financial Aid website to discover the full list of scholarships available and to learn more about the application process.

Direct Awards

There is no formal application process for the IE High Potential Award—all applicants are automatically considered. Awards are communicated at the time of admission and recipients are chosen based on the information provided during the admissions process: the strength of their application, academic merit, professional experience, the quality of the interview, competitiveness, life experiences and suitability to the program and our school.

These awards are need-blind. Should the candidate require further support, they are encouraged to submit a formal scholarship application. Should they be awarded a scholarship of greater value, the scholarship would replace the IE High Potential Award.

Check the IE Financial Aid website to discover the full list of scholarships available and to learn more about the application process.

Loans

Many of our students rely on loans — either government and/or privately funded—to at least partially finance their studies at IE University. As we strive to provide our students with further financing opportunities, we are committed to securing agreements with both Spanish and international institutions that offer our students financial loan schemes on favorable grounds. While there are many organizations that lend to IE students—including those we have an agreement with—it is critical that you understand all fees and terms of available loans to compare them and determine which are best suited to your particular needs.

Tuition Payment Options

While making an investment in higher education is extremely worthwhile, we understand it isn't always easy. At IE University, we allow students to pay in interest-free installments, without pre-approval requirements or credit checks.

The number of installments and conditions depends on the program, please talk to your admissions advisor for more information.

Contact our dedicated team at loans@ie.edu to find out which financing options may be available to you. Please note that many financing schemes are time sensitive and may require planning several months before your program starts.
