Election Period

The election period is twice a year and starts right after each Club Fairs.

All members of an IE club who are currently studying at IE or are partners of IE students, are allowed to apply to become a Coordinator in order to occupy vacant positions in the Board of the club in question.

The maximum number of clubs in which a current IE student/partner can be a coordinator is two.

Club Coordinator Rules

1. The clubs are allowed to have a maximum of eight coordinators.

2. Four members of the current board can stay for the next term of office. Please remember that you always have to leave at least 4 positions available for new students, undergrads and grads to apply for.

3. If the current board has four coordinators and receives less than four nominations, the students applying are automatically accepted.

4. If the current board has four coordinators and receives more than four nominations, the club must hold elections to decide who will join the board.

5. Each Club Coordinator Board should have representation from a minimum of two different IE programs, both undergrad and graduate.

Elections Rules

1. In case the elections are necessary, the clubs are required to conduct them in a free, transparent, and fair manner. Selecting the most appropriate system for the election is the sole responsibility of the current club coordinators, always given that the system is participatory and democratic.

2. The coordinators' role of the board can be freely decided and should be communicated to Campus Life.

3. The names of all the coordinators elected must be officially communicated to Campus Life for formal approval and integration on all official club platforms.

4. Dismissal of the Board: IE Campus Life has the authority to dismiss a coordinator or the entire board should the IE Ethics Code, Campus Life Guidebook principles, values or norms are violated.

Info Session and Workshops

Once Club Coordinators are elected there will be info sessions and workshops to help integrate and give resources to the new boards to ensure proper transition and club and event management. The dates, times, and content of these sessions will be communicated that same month.

The Student Leadership Team's Leadership Development Program

The Leadership Development Program (LDP) is a semiannual two-day event held on the Segovia campus for the top 15 IE clubs. Check <u>the Leaderboard</u> to see where the clubs stand.
