

Visiting Student Program

FALL/SPRING 2025

Studying at IE University is unlike anything else. We offer our students a truly international experience, with 75% of our student body coming from over 140 countries worldwide

If you're looking to meet new people and experience new cultures, all in a uniquely global learning environment, look no further. At IE University, you will make lifelong friends while expanding your network and broadening both your personal and professional horizons.

Renowned worldwide for our top-quality teaching and learning, we offer cutting-

edge resources and state-of-the-art facilities to help you excel in your degree and become the best version of yourself. You will be taught by world-class faculty and have access to top-tier career advice, equipping you with all the skills you need to shape and master your professional ambitions.

During your semester abroad, you will be able to explore your own areas of

interest, studying flexible and innovative subject areas that inspire you or that are in line with your degree. Your experience will be customized in accordance with your university's regulations.

Check out the subjects and degrees we offer here at IE University.

Plan Your Academic Journey at IE University

Welcome to the IE Undergraduate Visiting Student Program! Below you'll find a **tentative course list** based on what was offered to incoming students last year. While it can help you begin planning and validating subjects with your home university, please note that this is **not a final list**, and availability is **not guaranteed as course registration works on a first-come, first-served basis**.

FINAL COURSE INFORMATION

The **final list of available courses and syllabi** will be published on IE's Academic Catalog platform. Once admitted, students will receive access to the platform **at least one month before enrollment** to review the final course offer and discuss the selection with their home institution.

Tip: Use the time leading up to enrollment to make a wide list of pre-approved courses

with your home university coordinator so that you have options when enrollment begins.

ENROLLMENT PROCESS

First Enrollment Phase: Before the semester begins (early July for the Fall semester and early December for the Spring semester)

Second Enrollment Phase (Add & Drop Period): Starts on the first day of the semester and provides students with a chance to make changes to their original enrollment based on availability.

ENROLLMENT REQUIREMENTS & PREREQUISITES

Students must enroll in at least 60% of credits from their selected IEU Bachelor Program.

Students may use the remaining 40% of credits to choose courses from other programs (subject to availability and schedule conflicts).

Some courses require prerequisites, which you'll be able to verify in the syllabi once you gain access.

Tip: Choose the IEU Bachelor and campus that best align with your academic goals.

COURSE LOAD & CREDIT SYSTEM

Minimum (per semester): 21 ECTS

Maximum (per semester): 30 ECTS + 3 ECTS Spanish course (optional)

1 ECTS = 25 hours of academic work (classes + activities)

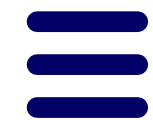

Which one are you most eager to explore?

01

Architecture & Design will allow you to unleash your creativity in order to design and create meaningful, future-forward and sustainable environments.
